

Week beginning: Monday 13th May

Dear Parents,
 Good luck to the Year 6s for their SATs assessments this week. On Friday, they seemed calm, focussed and assured. Year 6s do not have any home learning this week.
 Best wishes,
 Mrs Aitken

Core subjects

This term our topic is: 'Is it an ever-changing world?'
Maths - Year 5 will be joining Willow class for most mornings this week. They will be exploring problem solving through breaking down word problems and practicing Roman Numerals.

Literacy - Year 5s are going to join Year 5 to do some work based on Narratives inspired by Sir Arthur Conan Doyle.

For more details about this half term's curriculum, please see the school website - Curriculum - Yew Class.

Please complete at least three of the tasks from the tic-tac-toe grid over the Summer term. You may also choose your own task based on the topic.

Home Learning

Write a story inspired by a coastal or island setting.	Find out about how the Victorians would spend a holiday at the seaside. Decide how you are going to present this information- eg on a poster, in a Power Point ,etc.	Using your knowledge of coastal landforms, create your very own edible landform.
Design a t-shirt that could be sold at coastal tourism towns/cities in the UK or abroad.	Draw your own lighthouse. You could shade it with pencils, paint it, colour it or create a collage.	Make and write a postcard from a seaside town.
Create a food chain or web for a coastal area.	Create a 3D model of the Durdle Door <u>or</u> Old Harry.	Coastline in a Box Use a shoe box to create a model of a coastline of your choice inside your box. Cover or paint the inside of your box to show the sea, beach, land and sky. Create models to show the shape of the land, buildings, vegetation and people.
