Part A: Pupil premium strategy plan

Statement of intent

At Twyford St Mary's C of E Primary School, we are proud of our high expectations and ambitions for all of our pupils, including those in receipt of pupil premium funding support.

Our vision for all in our school community is driven by our Core Values of Courage, Care Joy and Respect and we believe that we are '*the village school, making a world of difference*'.

We work in partnership with our families to ensure that every child receives the educational, emotional and social support that they need in order to feel fulfilled throughout their primary school education. All children are supported by a skilled, dedicated and committed team of adults, including the governing body.

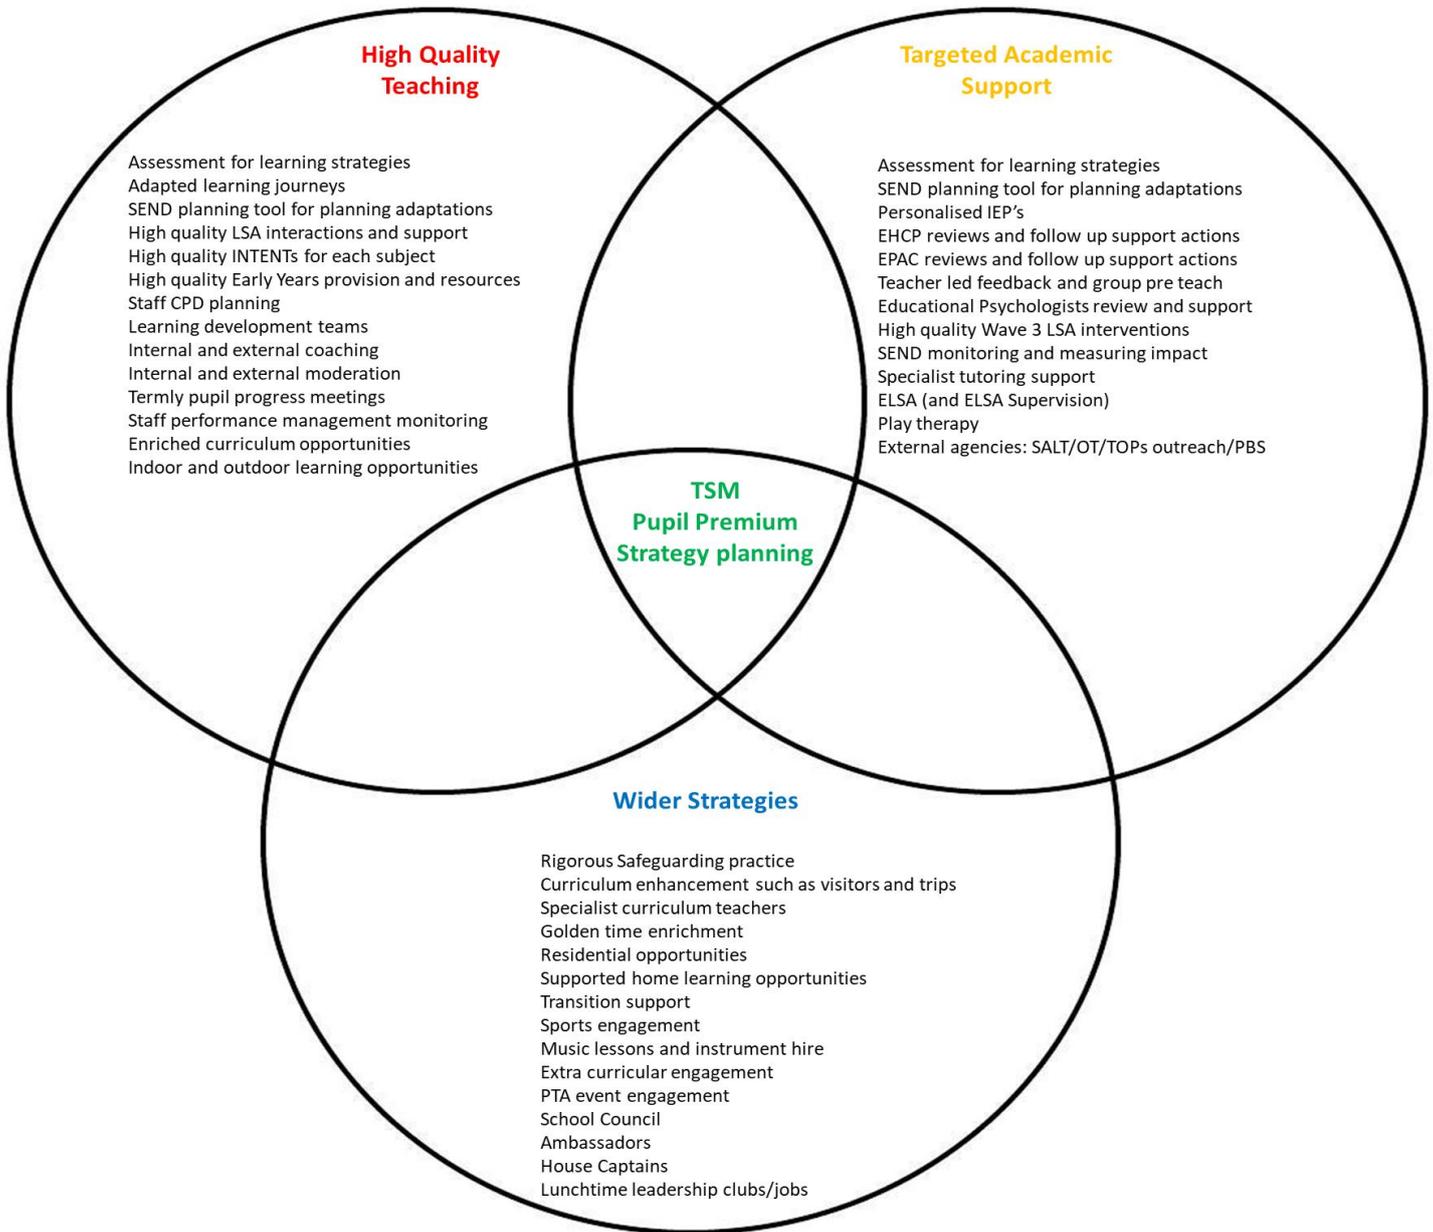

Our vibrant and engaging curriculum means that our children have a love of learning and we have a commitment to learning beyond the classroom, using not only our local community but also the South Downs National Park that surrounds us.

Although we will receive funding on a per pupil basis, we use the sum available to us as a single total to prioritise support and we identify the pupils needs that will benefit most from the funding using research to inform our strategic decision making.

Current spending and support at Twyford St Mary's Church of England Primary School takes many different forms, especially with the impact of school closures as a result of Covid-19. The school delivers enhanced provision specifically for individual children and promotes deepened engagement using a range of approaches and new technologies. The school is providing increased pastoral support, as required, through access to Emotional Literacy Support, play therapy and wrap around care.

As the school places a high priority on the support of all children, additional funding from the school budget has been used to supplement the PPG and catch up funding provided by the Government.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Research evidence shows that some PPG <u>have lower aspirations for themselves.</u>
2	Some children in receipt of PPG funding <u>are living in a home where basic needs are not met due to poverty.</u>
3	Staff could lose <u>focus on the attainment and progress of PPG pupils</u> , as they are such a small proportion of our school community
4	Research evidence shows that some families in receipt of the PPG are lacking in confidence in their own learning skills and knowledge, and this then <u>impacts parents ability to support children's learning at home.</u>
5	PPG pupils are a significant minority in our school therefore <u>families may not feel part of the school community.</u>
6	A <u>number of our PPG pupils have additional educational needs that require targeted academic support or intervention</u> to feel included in the classroom and to access all parts of our curriculum.
7	Evidence that some children from families in receipt of the PPG <u>have reduced language and communication skills</u> , and this impacts on their learning
8	Evidence shows that some children from families in receipt of PPG <u>have accessed limited learning during lockdowns due to COVID-19.</u>

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Challenge	Intended outcome	Success criteria
1	Children to have high opinions of themselves and high future aspirations	<ul style="list-style-type: none"> Targeted PPG learners are a key focus for pre/post and catch up learning Pupil progress meetings create professional dialogue around aspirational goals for our PPG pupils Proportion of disadvantaged pupils applying for positions of responsibility is in line with those of non-disadvantaged pupils
2	No child faces restrictions on an activity or curriculum opportunity due to family finances.	<ul style="list-style-type: none"> School to provide a full subsidy on all paid-for activities. 100% of disadvantaged children are able to access paid-for activities such as curriculum trips and residential trips Children encouraged to engage in after school clubs and extra-curricular provision through subsidised placements/tuition.

3/6/8	PPG and catch-up funding will have a specific focus on implementing interventions and boosters for PPG (with and without SEND needs) and low-middle attainers who have been significantly impacted by lockdowns.	<ul style="list-style-type: none"> • Targeted PPG learners are a key focus for pre/post and catch up learning • Pupil progress meetings create professional dialogue around aspirational goals for our PPG pupils • Attainment of non-SEND disadvantaged pupils is in line with that of their peers
4	Families to engage with homework with their child and to attend parent consultation evenings	<ul style="list-style-type: none"> • All disadvantaged pupils to be actively encouraged to attend weekly homework clubs • Homework completion for disadvantaged pupils to be comparable to non-disadvantaged pupils • Parental engagement at parents evening to be comparable with non-disadvantaged pupils
4	Families of disadvantaged children to attend at least one PPG-specific event over the course of the year, with the aim of improving engagement	<ul style="list-style-type: none"> • 100% of disadvantaged families attend at least one PPG-specific event over the course of the year
5	Families of disadvantaged children to feel part of the school community	<ul style="list-style-type: none"> • 100% of disadvantaged families attend at least one school extra-curricular event over the course of the year
7	Disadvantaged pupils to have developed language and communication skills	<ul style="list-style-type: none"> • Introduction of specific SALT intervention programme in KS1 • Development of KS1 phonics with the introduction of the Bug Club enhancements to our curriculum • Targeted PPG learners are a key focus for pre/post and catch up learning • Attainment of non-SEND disadvantaged pupils across reading, writing and maths (combined outcomes) is in line with that of their peers

Evaluation of previous 2020/21 strategy plan Headlines:

Spending and support at Twyford St Mary's Church of England Primary School for Year 2020 to 2021 took many different forms, especially with the impact of school closures as a result of Covid-19. The school continued to deliver enhanced provision specifically for individual children and promoted learning and deepened engagement using different approaches and new technologies. The school provided increased pastoral support, as required, through access to Emotional Literacy Support and was early in the move to providing catch-up learning. As the school places a high priority on the support of all children, additional funding from the school budget has been used to supplement the funding provided by the Government.

21/22 Strategic Plan	Chosen action	Impact
