

## **Sports Premium Funding Report for 2019-20**

Twyford St Mary CE Primary School prides itself on promoting a range of activities through the taught curriculum, extra-curricular activities and visits, which promote an active lifestyle.

We support the government's initiative to combat obesity and enjoy being active and believe that an innovative, varied PE curriculum and extra-curricular opportunities have a positive influence on the concentration, attitude and academic achievement of all our children. As a school, we want to create an excitement about physical activities where every child feels confident and ready to participate.

Our Primary Sports Premium funding enables us to continue and extend our provision to offer a wider variety of opportunities for children to engage in competitive sport as well as promoting a culture of inclusiveness, which enables access to PE for all children. We work with local clubs and organisations to ensure that will offer high quality provision for PE both within the curriculum and through after-school clubs.

### **PE and Sports Premium funding is used to improve the following 5 key indicators:**

1. the engagement of all pupils in regular physical activity – kick-starting healthy active lifestyles
2. the profile of PE and sport being raised across the school as a tool for whole school improvement
3. increased confidence, knowledge and skills of all staff in teaching PE and sport
4. broader experience of a range of sports and activities offered to all pupils
5. increased participation in competitive sport

### **What is the Sports Premium?**

The government is providing primary school sport funding to improve the quality of sport and PE. Twyford St Mary CE Primary School will receive £17,570.00 until 2021.

### **Purpose of the funding**

Schools will have to spend the sport funding on improving their provision of PE and sport, but they will have the freedom to choose how they do this.

At Twyford St Mary CE Primary School, we have used the funding to:

### **Increase engagement of pupils in regular physical activity (promoting a healthy lifestyle):**

- Promote 'The Golden Mile'

- Resource children's own sporting and activity clubs e.g. dance, football, rounders, agility, cheerleading, assault course.
- Fund additional playground equipment to encourage challenging physical activity and active games.

#### **Raise the profile of sport and PE across the school:**

- Use Integr8 dance to provide dance units linked to class topics to enrich learning and increase active parent events.
- Provide additional lunchtime provision (Sport of the Week and Coach Jake's clubs).
- Fund time for Sports Leader to plan Sports Day alongside the School Council.
- Purchase new, higher quality teaching resources.

#### **Increasing confidence and knowledge of staff teaching PE:**

- Continued the use of Sports Coach to train and team-teach with staff.
- Extra funding for non-contact time for Sports Coach to plan and create a bank of resources.
- Outdoor learning training courses for 2x staff members.

#### **Broadening the experience and range of sports offered to pupils:**

- Offer new extra-curricular clubs.
- Purchase new equipment for the playground.
- Purchase equipment or train staff to enable us to teach sports we have not taught before.

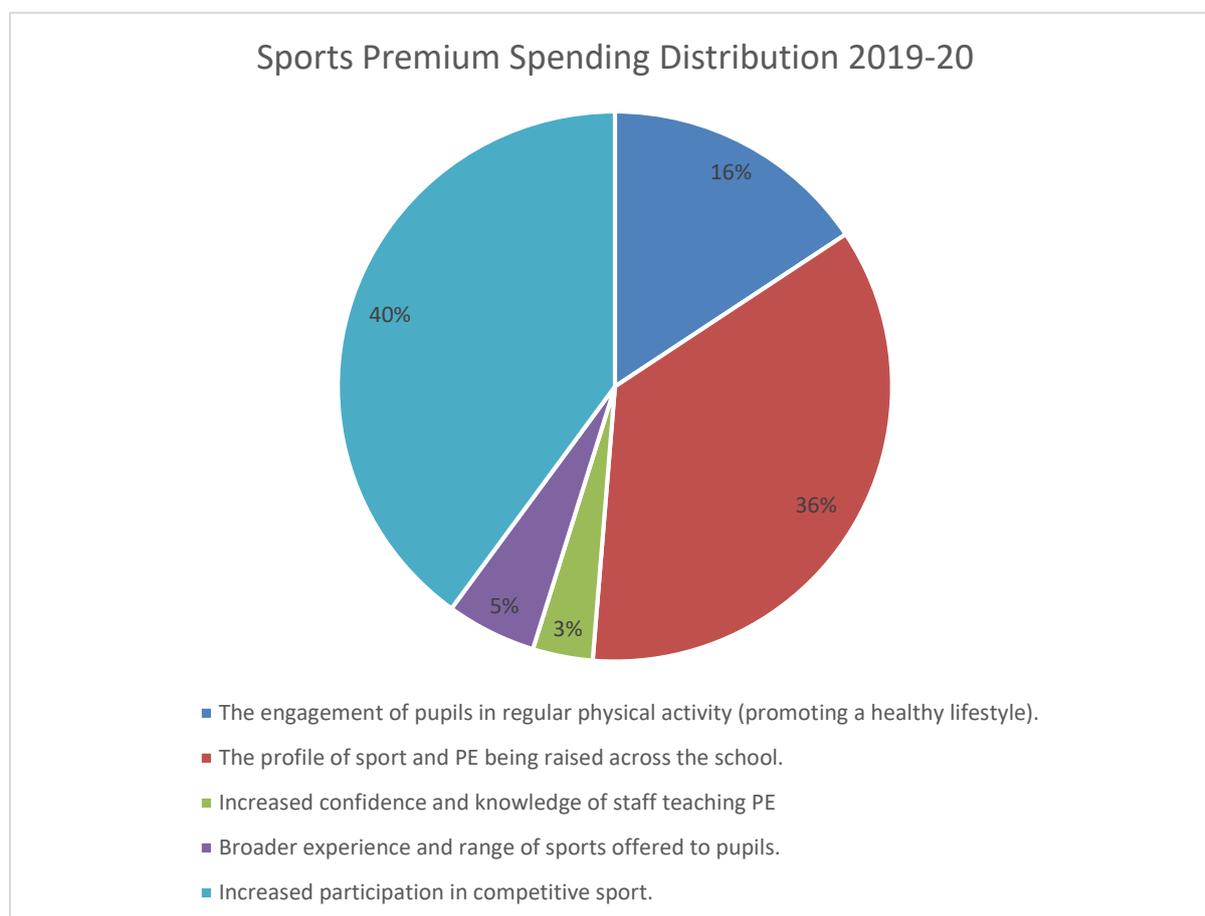

#### **Increasing participation in competitive sport:**

- Fund transportation to sporting events.
- Fund staff time allocated to intra-school team competitive afternoons.
- Fund supply cover for sports leader and other staff to attend inter-school sporting events.

## Sports Premium Spending Distribution

Below is a summary of the funding allocation for the Year 2019/20. The PTA also very kindly subsidise aspects of our PE and sport provision.

<b>The engagement of pupils in regular physical activity (promoting a healthy lifestyle).</b>	<b>£1,475.44</b>
<b>The profile of sport and PE being raised across the school.</b>	<b>£3,355.00</b>
<b>Increased confidence and knowledge of staff teaching PE</b>	<b>£330.00</b>
<b>Broader experience and range of sports offered to pupils.</b>	<b>£495.00</b>
<b>Increased participation in competitive sport.</b>	<b>£3,763.47</b>
<b>Total Spend</b>	<b>£9418.91</b>

## Inter-School Competition and Festivals

We currently take part in a range of competitive sporting events within our local school cluster. Some of these events form part of the School Games programme and include

competitive events such as football, netball, hockey, gymnastics, tennis, cricket, swimming and cross-country. We also enjoy competing in regular friendly matches with nearby schools.

We ensure that all children in KS2 are given the opportunity to represent the school in a school sport competition against other local schools. *However, due to Covid-19, many of our inter and intra competitive sporting events were cancelled this year. We hope to return to our usual busy calendar of events, as seen in previous years, as soon as possible.*

We are always looking for new competitions to enter. Representing the school on a sports team is highly encouraged and pupils are proud to be involved. We celebrate our teams' involvement and achievements by displaying information on our school sport information board, through whole school assemblies and through the weekly school newsletter.

### **Local Club Links**

We have ongoing links with the following local clubs and organisations: Saints FC, Premier Sport, Integr8 Dance, Winchester Tennis Club, Trojan Squash Club, Sports Schools and Active Winchester.

## Sports Premium Funding – Impact Statement

Throughout the 2019/2020 academic year, the funding has been used to employ expert coaches to provide challenge and specialist coaching for our pupils in PE lessons, which our own staff have watched as part of our CPD commitment and will be able to employ in their own teaching. We continue to develop planning resources, which can be used in future PE lessons. Lessons are high quality with children actively involved in all stages. Assessment of children's needs has provided children with suitable skills progression.

Last academic year, the school was accredited a Gold School Games Award, and it has been confirmed that this award has been extended to include the 2019-20 academic year following the Covid-19 pandemic's impact on many of the school's plans.

## Other Opportunities

Our aim is for every child to participate in two hours of high-quality PE a week. Already we offer a broad range of sports within our PE curriculum and extra-curricular clubs. In addition to gymnastics and dance, sports taught include football, tag rugby, hockey, netball, cricket, short tennis and athletics.

Children are usually given the opportunity to learn to swim during KS2 (Year 4 and 5) with the aim of pupils being able to swim at least 25m. Our pupils in Year 6 have the opportunity to complete the 'Bikeability' Cycling Proficiency scheme and we offer a full programme of Outdoor and Adventurous Activities (OAA) through our residential trips to Fairthorne Manor, Avon Tyrrell, Stubbington, and regular visits to Forest School (Y3/4). Experiences and activities on offer include archery, abseiling, and orienteering amongst others though these other activities are not funded through our Sports Premium. *Whilst these events were unable to happen this academic year, there are plans to continue with the regular calendar of events as soon as possible.*

## Lunchtime Provision

We have also been able to employ a specialist sports coach to provide competitive, organised games during our lunchtimes. Children are able to engage in competitive play and receive specialist coaching support as required.

Children are also able to apply for, plan and run their own lunchtime clubs. Many of these are of a sporting nature and they prove very popular. Sports Premium has contributed to the equipment and resources we can provide children in order to run their clubs.

We have used our Sports Premium to purchase playtime equipment. This equipment is rotated following a 'Sport of the Week' system, which the children spoke highly of during recent pupil conferencing. They reported that they liked 'Sport of the Week' because it allows them to try sports they might not have thought about before.

## Swimming Assessment

We are required to report on the swimming competencies of our Year 6 cohort. Our Year 6 cohort for 2019-20 consisted of 28 children. They have been assessed under the following criteria:

- Can swim 25m unaided
- Can swim more than one stroke
- Can self-rescue in water based situations

<b>Can swim 25m unaided</b>	
Yes	27
No	1
<b>% reached competency</b>	<b>96%</b>

<b>Can swim more than one stroke</b>	
Yes	27
No	1
<b>% reached competency</b>	<b>96%</b>

<b>Can self-rescue in water based situations</b>	
Yes	26
No	2
<b>% reached competency</b>	<b>93%</b>
